WIND SOCK

SKY DIVER

1-2-3-jump! Geronimo! Leap from your plane, crack open your chute and feel the wind blowing you sideways! Steer to land on your target. The later you open the silk the more points you rack-up - but beware! If you pull the ripcord too late you splurge into the deck. Who has got more nerve - better judgement, can balance wind, speed and height - to beat their opponent? And guard against sudden wind changes by watching the windsock.

5 superb and thrilling games - large targets, small targets and hardest of all, moving targets. 9 jumps to score points in each game. You'll need strong nerve and split-second reflexes to land with both feet on the pad and score. The final game is an all-out sprint - winner takes all. So buy today - and happy landings!

Recommended retail - £15.95 incl. VAT
(Played by two people using Paddles.)

STREET RACER

One of Atari's most exciting cartridges ever! Up to four players can check out their driving skills and reflexes at speed, through 27 games and variations. Play against the clock or an opponent/opponents:

Street Racer - avoid car collisions and score points, using vertical tracks. You'll hear the hum of the motors, crashes and beeps when you score.

Slalom - steer your colour co-ordinated SKITIS through gates, increase your speed on runs - but if you crash, you'll lose time! You'll hear the swish of the skis, and beeps when you pass through a gate. You'll also hear the crashes!

Dodgem - avoid oncoming obstacles on "straight ways", score points each time you complete the track. You'll hear the motors hum, cars crash, and scores beeping.

Jet Shooter - steer your jet through the sky, fire missiles to destroy enemy aircraft approaching from the opposite direction. You'll hear the missiles fire, crashes - and the hum of engines.

Number Cruncher - run over numbers on the track with your motorbike, and score the face value of those you destroy. You'll hear the whine of the bike engines and the crunch and crash of the numbers disintegrating.

Scoop Ball - use a computer-scooper to catch balls, deposit them in a giant scooper; and score points. You'll hear the sounds of crashes, scooper motors, the scoop and the deposit.

Recommended retail - £15.95 incl. VAT
(Can be played by four people with additional paddles - see over.)

A NOTE FROM CAPTAIN ATARI

"Aha", I hear you saying!

In our last issue I promised to introduce you to the other members of my team, the amazing Brains and the fantastic girl in my life Vidella. Somehow, though, I got so carried away with these great new cartridges that you'll have to wait for the pleasure of a meet - in our next Atari Bulletin.

And I've had lots of letters from you fans out there - so next month I'll give everyone a chance to say their piece!

Captain Atari

Double your fun!

With extra paddles!

When you buy our Street Racer cartridge, buy a second set of Paddles - only £12.95 pair, including VAT, so four people can play at once! The Break-Out and Video Olympics cartridges can also be played by up to four people, and Blackjack by up to three players.

Get it all together

The Atari Video Games Cartridge Tray

A stylish way to keep your cartridge library in one place. Buy it from your Atari dealer - for only £3.55 including VAT.

Where can I buy?

If your local Atari dealer is out of stock of our latest Atari products, use this coupon to let the Ingersoll Electronics Atari Sales Department know what you want - and they'll advise you of alternative sources of supply.

To: Steve Bernard, Captain Atari's Product Manager
Ingersoll Electronics Ltd., 202 New North Road, London N1 7BL

I have contacted my Atari Dealer about the products featured in the current Atari Bulletin. I was unable to obtain what I wanted because:

Could you please advise me of alternative sources of supply. I am particularly interested in:

Cartridges Sky Diver Street Racer Others (please list) _____
Keyboard Controllers Additional Paddles Cartridge Rack
